IRELAND · STATUTORY SICK PAY

Five paid sick days a year, and a doctor's cert from day one

What the law gives every employee, in four numbers.

Swipe →

THE ENTITLEMENT

5 days

paid sick leave per year

That is the legal minimum. Your contract can give you more. It can't give you less.

THE RATE

70%

of your normal pay, capped at €110 a day

Earn €200 a day? 70% would be €140, so the cap applies and you get **€110**.

13 weeks

of continuous work with your employer

Before that, statutory sick pay doesn't apply yet. Check your contract for anything extra.

Day 1

a doctor should certify you from your first sick day

No cert, no statutory sick pay. Sort it out on day one, not day three.

YOUR TURN

Did you know about the €110 daily cap before today?

Yes or no in the comments. We read every one.
